# Treat Mom to a Picnic this Mother's Day at a Texas State Park

AUSTIN—Plan a picnic and let mom relax at your favorite state park this Mother's Day, May 11.

Picnics offer a unique twist on traditional Mother's Day gifts, as well as quality time to bond through other park activities such as hiking, biking and birding.

State park picnic options range from outdoor tables and charcoal grills to full kitchens and group pavilions available by reservation. Some picnickers bring their own cookware such as Dutch ovens and gas stoves. Choose from a variety of scenic, and often well-shaded, areas near rivers, lakes and beaches. For help planning the best picnic for your mom, visit <http://www.texasstateparks.org/picnic>

Texas State Parks, Texas Department of Agriculture, the Texas Beef Council and a community of food bloggers have shared 28 easy-to-make picnic recipes to help plan your picnic. The list includes recipes such as mango chicken salad lettuce wraps, mojo beef kabobs and creamy chicken chow mein salad.
